

Quality POLICY

Upala Agrícola S.A. is an agro-industrial company dedicated to the production, packaging, and marketing of fresh pineapple.

We constantly strive to understand our customers' needs, expectations, and motivations in order to produce and deliver safe, wholesome products that comply with agreed-upon specifications and applicable legal requirements, while maintaining, fostering, and improving a culture of quality and safety within the organization.

We pursue continuous improvement through a management system that allows us to periodically measure the results of our processes and authentic products.
